

Well, my CO. buddy Todd and I rode in CT and Maui this season for maybe 700 miles. This was all training for my ride across America which took place April 17 to May 14, 3000 miles. Todd and I met in France and became riding buddies even though Todd lives in CO and I live in CT! We both signed up for the Discover France Package without knowing anyone and we are glad we did! What a great time and what a great friend! We already have plans to ride in Maui again! Keep on spinning!
